Subject: Claims Processing Edits for Provider Taxonomy – Suspended

Update:

Per the Louisiana Department of Health and Hospitals (DHH) Health Plan Advisory 15-28, AmeriHealth Caritas Louisiana previously communicated a requirement for taxonomy codes on claims for providers that have multiple specialties. **The implementation of this claims edit has been suspended until further notice.** However, providers are encouraged to continue reporting taxonomies on claims submitted to AmeriHealth Caritas Louisiana.

If you have questions about this communication, please contact AmeriHealth Caritas Louisiana's Provider Services department at 1-888-922-0007 or your Provider Network Management Account Executive.
