Waiver2019

The ASAM Treatment of Opioid Use Disorder Course covers all evidence-based practices and medications for treating patients with opioid use disorder.

The ASAM Treatment of Opioid Use Disorder Course is designed for:

Physicians, Nurse Practitioners, Physician Assistants, Certified Nurse Midwives, Certified Registered Nurse Anesthetists, and Clinical Nurse Specialists who wish to obtain a waiver to prescribe buprenorphine in an office-based setting for opioid use disorder.

THIS COURSE DATE IS FOR PRESCRIBERS ONLY

Course Format: Blended – Four hours live (in person or webinar), followed by four hours online

- Four hours of live learning (in New Orleans or by webinar) on January 31, 2020

FOLLOWED BY

- Four hours of self-paced online learning to be completed **before** March 16, 2020

This combined training of four hours live/four hours online satisfies the eight hours of education requirements for physicians to qualify for a DEA DATA2000 waiver. Upon completion of the course (4 hours live, 4 hours online), physicians qualify for the waiver to prescribe buprenorphine in an office-based setting. NPs and PAs can qualify after completing an additional 16 hours provided by ASAM, the American Association of Nurse Practitioners, and the American Academy of PAs.

The American Society of Addiction Medicine designates this live activity for a maximum of **8 AMA PRA Category 1 Credits™**.

ASAM is an approved provider by CSAT/SAMHSA of DATA 2000 training.

ACCME ACCREDITATION STATEMENT: The American Society of Addiction Medicine (ASAM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT: The American Society of Addiction Medicine designates this live activity for a maximum of **8 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
