Subject: Applied Behavior Analysis (ABA) Therapy Claims

Summary: Below are billing guidelines to prevent duplicate denials when treatments are performed at different places of service.

In order to prevent a “**CDD-Definite Duplicate Claim**” denial of ABA therapy services performed for the same member, same rendering provider, date of service, and code/modifier combination when services are rendered at different places of service, providers are required to bill on one claim form and indicate the accurate place of service code in Field Locator 24B.

AmeriHealth Caritas Louisiana is currently updating our [Claims Filing Instructions](#) manual with these details, which will be available online after **September 15, 2021**.
