****Update****

Temporary Suspension of Policy for Transfers to Lower Levels of Care

In an effort to address the impending staffing crisis presented by the exit of SNAP staffing, LDH is implementing a temporary suspension to facilitate timely discharges of patients to the lower level of care. **Effective July 20, 2022 through August 5, 2022**, AmeriHealth Caritas Louisiana will not impose prior authorization, utilization, medical necessity, or any related review on the transfer of patients to lower levels of care (e.g., inpatient rehabilitation and long term acute care) for members being discharged from the hospital.

Other clinical guidance and training tools for providers can be accessed from the Office of Public Health advisories on COVID-19 vaccination here: <https://ldh.la.gov/covidvaccine-for-providers>.
