Informational Bulletins that summarize policies and/or procedures are intended for quick reference and are accurate on the date they are issued.

Administration of Respiratory Syncytial Virus Vaccines

AmeriHealth Caritas Louisiana would like to make you aware that on August 3, 2023, Louisiana Medicaid began covering respiratory syncytial virus (RSV) vaccines identified by the Current Procedural Terminology (CPT) procedure codes 90380 and 90381. The following guidance is provided to assure the correct CPT administration code is submitted based on the date of service the vaccine is administered:

- CPT code 96372 is used for the administration of the RSV vaccines provided above when administered from August 3, 2023 through December 31, 2023.
- CPT codes 96380 and 96381 are to be submitted for the administration of the RSV vaccines provided above when administered on or after **January 1, 2024**.

The updated immunization fee schedules will be forthcoming and published on [LaMedicaid.com](https://www.lamedicaid.com).

Providers may utilize CPT codes 96380 and 96381 effective for dates of service on and after **January 1, 2024** even if they are not displayed on the immunization fee schedules.

Please review [Informational Bulletin 23-22](#) for more details.
