### **ROLE CLARITY: CASE MANAGEMENT VS. PEER SUPPORT (3 CEU)**

APRIL 13, 2022 | 1:00PM - 4:30PM CST

This session will focus on the importance of both case management and peer support work, and their different roles in the continuum of care. Participants will gain clarity on their particular role and how to create holistic, community-based services that help to facilitate recovery and enable peers to reach their own wellness goals.

### **ADVANCED SKILLS IN PEER ETHICS, VALUES & BOUNDARIES (3 CEU)**

MAY 18, 2022 | 1:00PM - 4:30PM CST

Advanced Ethics aims to enhance the abilities of peers to safeguard the welfare of the people they provide services to; protect confidentiality to establish and sustain trust with individuals facing life challenges while enriching the quality of work they produce. This includes a deeper dive into ethical dilemmas.

### **THE SCIENCE OF ADDICTION & RECOVERY (3 CEU)**

JUNE 8, 2022 | 1:00PM - 4:30PM CST

SOAR: The Science of Addiction & Recovery aims to provide recovery support providers with the knowledge and skills to speak on the topic of addiction in language that is easy to understand. Topics include neuroscience, debunking common myths and identifying vulnerability factors in the peers we serve.
