Subject: Billing Instructions for Seasonal Flu Vaccine

Summary: Below is important vaccination information in preparation for flu season.

The Centers for Disease Control and Prevention (CDC) and the American Academy of Pediatrics (AAP) recommend annual influenza vaccination for most people 6 months of age and older. Vaccination is especially important for people with certain underlying medical conditions, pregnant women, the very young, and the elderly. We urge you to continue your efforts to vaccinate your patients against influenza. As a Professional Service Provider, your recommendation plays a critical role in a patient's decision to be immunized.

As we prepare for the 2021-2022 flu season, please review the AmeriHealth Caritas Louisiana billing instructions listed below. Participating providers may be reimbursed for administering the seasonal flu vaccine to our members. For a list of codes, please refer to the Louisiana Medicaid Immunization Fee Schedules at http://www.lamedicaid.com/provweb1/fee_schedules/feeschedulesindex.htm.
