

To: AmeriHealth Caritas Louisiana Providers

Date: November 30, 2022

Subject: 39th National Association on Dual Diagnosis Annual Virtual Conference

Summary: Annual virtual conference for behavioral health providers.

The National Association on Dual Diagnosis is again having their annual conference virtually on **December 7- 9, 2022**. The cost will be much lower than would be typical to attend a conference and hear from people doing work around the country and the world to improve outcomes for individuals with Intellectual and Developmental Disabilities (IDD) and Behavioral Health (BH) needs. There is also a group rate when more than three (3) people from an agency register.

There are sessions that would be very interesting to BH staff; including:

- Assessment of Mental Health Symptoms in IDD
- How Intellectual Disability can Bias Diagnoses and Treatment Recommendations
- Neurofeedback to Enhance the Therapeutic Process
- Complex Diagnoses: A Model for Clarity
- 50 years of Developmental Psychiatry: A Personal Retrospective
- Promoting Health Equity for Adults with IDD: The Integrated Mental Health Treatment Guidelines for Prescribers in Intellectual and Developmental Disabilities
- Trauma-Informed Care for Survivors with Disabilities

Note: ACLA supports our BH providers in their participation in this conference. ACLA will reimburse the registration and continuing education fees for up to seven (7) BH providers in our network who register and participate in the conference. There will be a random selection of providers for reimbursement selected after receipts of certificates of continuing education. Please send your certificate of continuing education to Christopher McNeil at cmcneil@amerihealthcaritasla.com.
